
DESIGN YOUR OWN/ON OUR OWN/OUR OWN ACTIVITY EMBLEM APPLICATION

In areas where leaders and troop members desire to develop their own emblem activities, they have the flexibility to incorporate a "Design Your Own/On Our Own" emblem into the program. This may be done when there are leaders and members who have particular strength, knowledge and interest in areas that may not be defined within the established activity emblems. In addition, some groups may be unable for various reasons to complete emblems under particular categories.

This report/application must accompany the Emblem Request Report when a Design Your Own/Our Own emblem is desired.

Minimum Requirements:

- Written request for approval, including outline (enclosed in the Leaders' Brief) of proposed emblem project to divisional headquarters prior to teaching the emblem.
- Involve a minimum of six hours activity and learning time.
- Develop a minimum of five requirements (similar to regular emblems).
- Contain a Bible based activity/lesson.
- Attach the approved application with written report to divisional headquarters upon completion of emblem.
